Ref.: Personal recommendation and reference for Dr. Marius – Eugen Opran

Dear All,

•

I would like to confirm that Dr. Marius – Eugen Opran is a member of the European Economic and Social Committee (EESC) since September 2006 – as counselor – representative of Romanian employers during the mandate 2007 – 2010 and as member - delegate of the EESC's Consultative Commission for Industrial Changes for a period of 5 - years starting January 1st of this year, according with the proposal received from CEEP European Employers' organization,

During the last 5 years, he has displayed great leaderships skills and a unique ability to identify and solve a large number of various problems. Dr. Opran has been instrumental in streamlining our tasks received from other EU Institutions, mainly from the European Commission, covering the major area of ICT, also the sectors of energy and defense & security. His professional experience in these sectors has been a very valuable asset for EESC, one that can certainly be of great value to any company utilizing his services. Dr. Opran is loyal and always places the welfare of the organization above all else. His long hours and patience with our younger colleagues and with management, not to mention his great skills as negotiator, make him an ideal and valuable acquisition for any Human Resources department. Of course, according with his status as member – delegate of EESC – CCMI, we'll continue to have the opportunity to work with him on very important documents and programs at the EU level.

Any company considering Dr. Opran for employment has my most enthusiastic recommendation. As his performance has indicated, I am convince that he is destined to achieve new heights in his impressive professional career.

Sincerely,

**Prof. Henri MALOSSE
The President of the Employers' Group**
